12th - Biology Science  
58%
- 👤 **EMS Smaraka GHSS Pappinsseri** 2018  
10th  
88%

## 🚀 Projects

### Major Project - Smart Car Parking System

Smart Parking is a parking strategy that combines technology and human innovation in an effort to use as few resources as possible such as fuel, time and space to achieve faster, easier and denser parking of vehicles for the majority of time they remain idle.

### Minor Project - RFID Based Attendance System

This project uses RFID technology for making a note of every student entering in a classroom and also calculates the time resides in a class and stores the data in a excel sheet.
